MALAYSIA

PROTECTHEALTH

Benefit 3

3 Payment of Incentive

- The incentive is given in **2 stages** and will be credited directly into **beneficiary's** registered bank account within 3 working days of successful application and verification of completed treatment, such as the followings:
 - First payment (RM 300) – upon successful application by the treating doctor.
 - Second payment (RM 700) – upon completing cancer treatment as verified by the treating doctor. Notification will be emailed to the last treating doctor when
 - **9 months of treatment duration** has been completed, starting from the date of application; AND
 - **at least 2 visits** have been made for treatment, inclusive of the first visit upon application.

Benefit 3

4 Exclusion from Second Payment

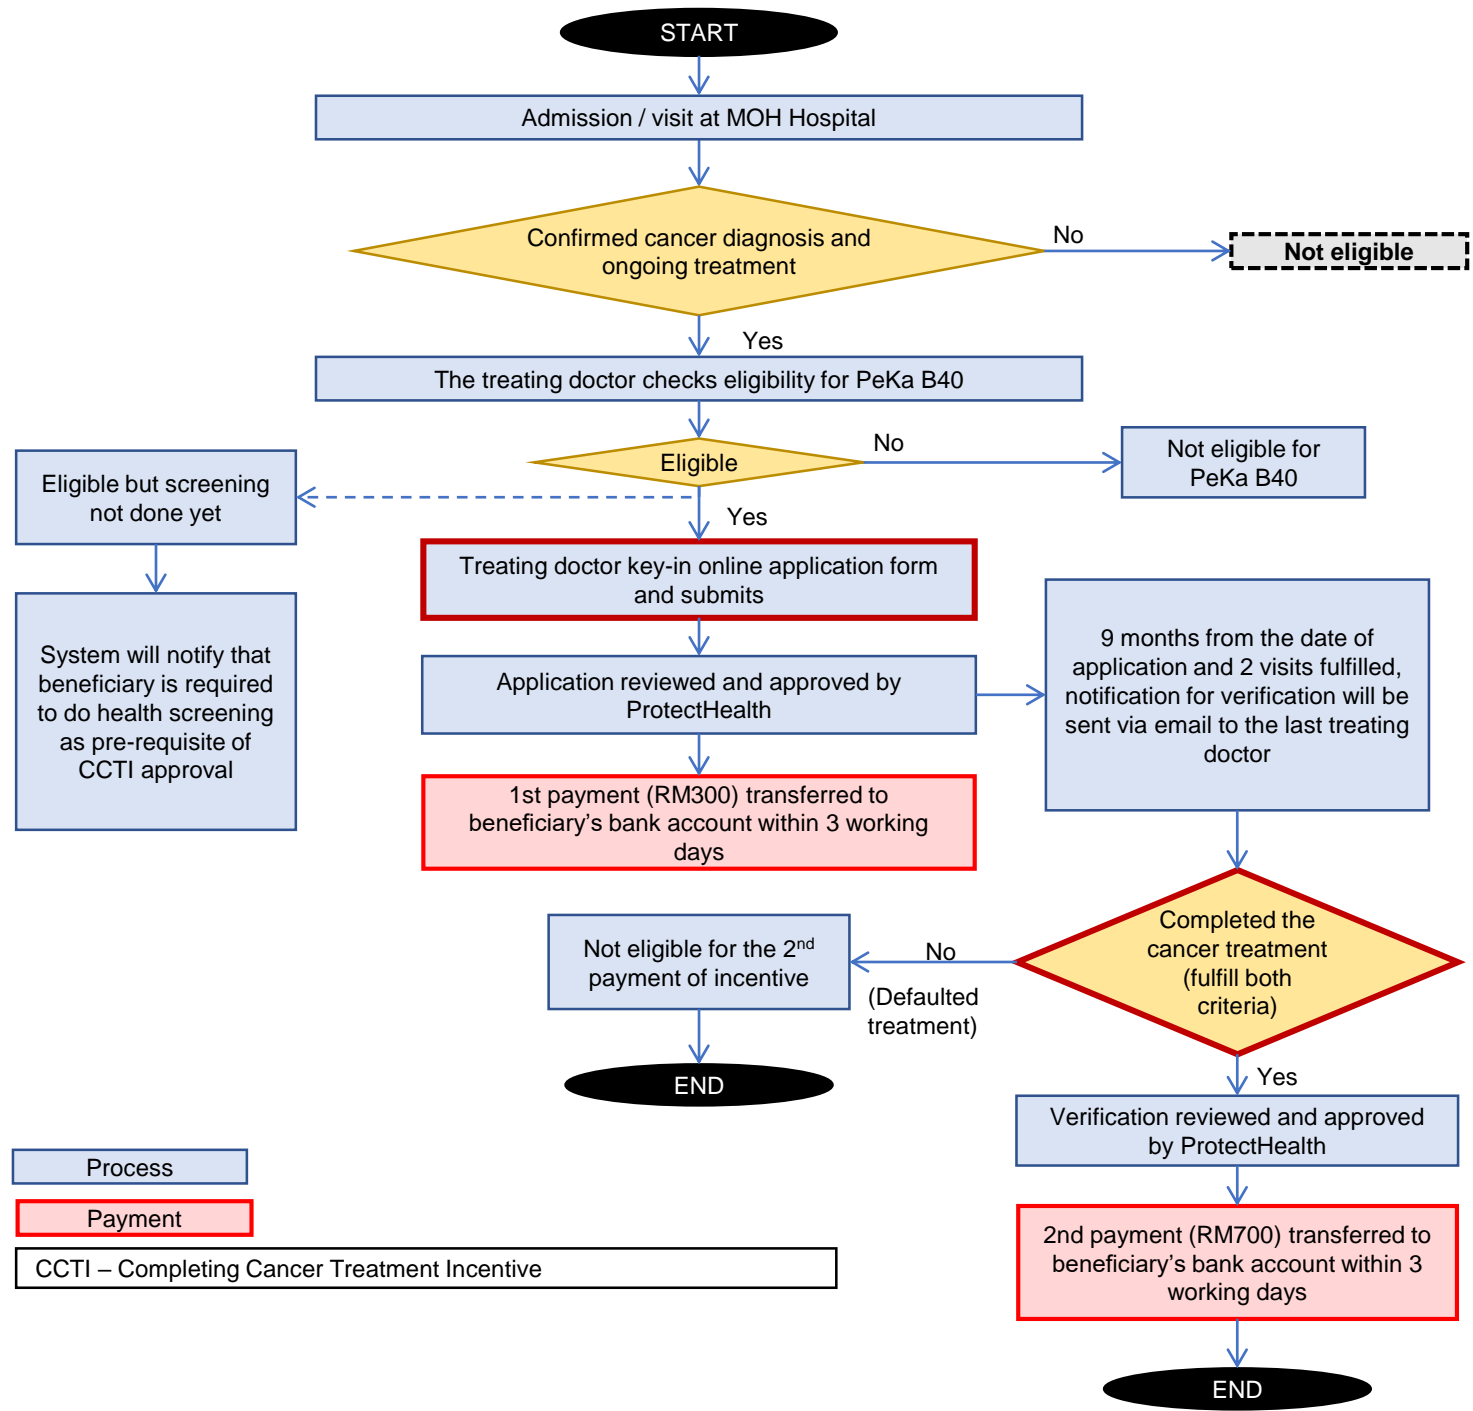

- Defaulted treatment
 - Patients are not to be paid the second payment if they fail to fulfil the criteria for completed treatment.
- Death
 - Upon death, the second payment will not be made because only the beneficiary is allowed to receive payment.

CCTI WORKFLOW

Benefit 3: Completing Cancer Treatment Incentive

ROLE OF CCTI PIC & USERS

Benefit 3

5 ROLE OF CCTI PIC & USERS

- Three level of “Users” in the BMS
 1. HOD/Specialist (PIC)
 - PIC will be registered and will serve as the ‘Primary Account Holders’ in the BMS for their respective department.
 - He/she will control who will have access to the system and register them as ‘Authorised Users’ for BMS
 - PIC also need to maintain and update the users as required. If there is a new user, the PIC needs to register the new user and must also delete users that are no longer active.
 2. “Team Leads”
 - Doctors - specialist
 - Able to update medical information
 - Cannot create other account user
 3. “Normal Users”
 - Admin/nurses
 - Only to update upcoming appointment date

CASE EXAMPLES

Benefit 3

6 CASE 1: Eligibility

- Patient
 - Ms M was referred from GP with a provisional diagnosis of TRO Left Breast Cancer on 20 April 2019.
 - Blood investigations, mammogram & biopsy was done on 26 April 2019 but pending results.
 - Can the doctor apply CCTI for this patient?

Benefit 3

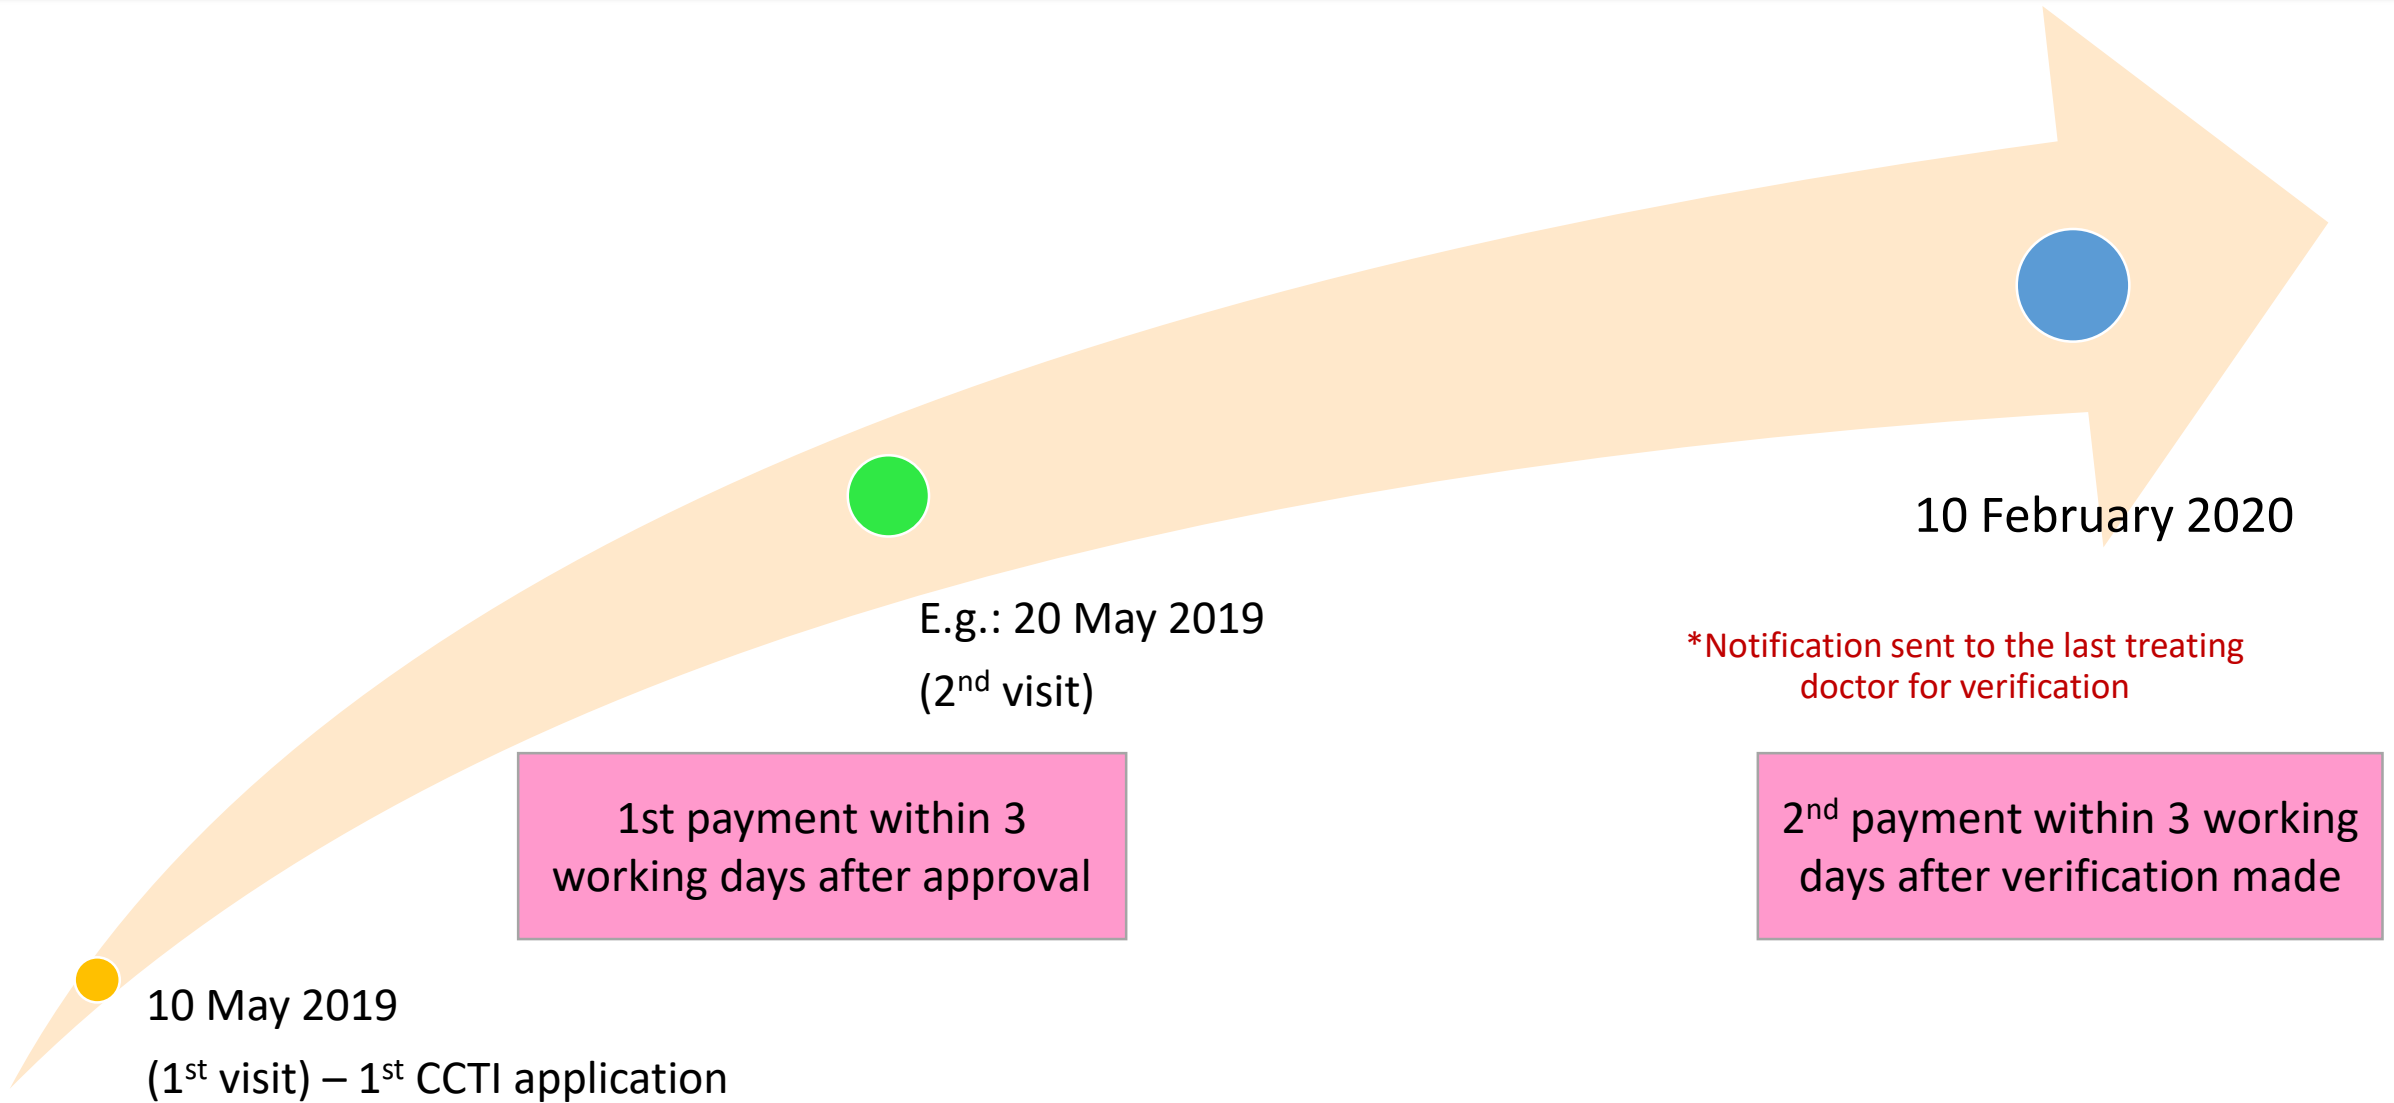

7 CASE 2: Timeline

- After 2 weeks, investigation results for Ms M confirmed her diagnosis of malignant Left Breast Cancer.
- Patient came back for TCA on 10 May 2019 to review this results and discuss course of treatment with the doctor.
- Since the patient is eligible, the doctor submits CCTI application for the patient through the BMS.
- When will the patient receive the incentive? What do the doctor and counter staff need to do for Ms M to receive incentive for both stages?
